Hi Gene:

Thanks for providing this early draft. I assume EPA will see the next agency review draft as well (?) but I'd be glad to provide initial comments or thoughts on this (e.g. in terms of overall content etc).

Thanks again-

Rick

Subject: Oregon NPS Management Plan Review & Comment

Hi Folks

Attached is the draft Oregon Nonpoint Source Management Plan (NPS MP) for your review and comment.

Having a NPS MP is a requirement of the Clean Water Act and EPA is requiring states to update their NPS MP every five years to receive Section 319 funds (EPA memo attached and on the NPS SharePoint page). We are required to submit our NPS MP this year (2013). Oregon's current NPS MP was written in October 2000 and it is a bit outdated :)

EPA issued guidance to the states for revising the NPS MP: Section 319 Program Guidance: Key Components of an Effective State Nonpoint Source Management Program (November 2012) (attached and also on NPS SharePoint page).

We would like your review and comment on the Draft NPS MP. The Draft NPS MP is attached and is on the [NPS SharePoint page](#) with a [calendar](#).

Please review the document by November 13, 2013.

Prior to November 14th you can check out the document from the SharePoint site, make edits, and re-check-in the document.

To avoid having many different versions saved to the SharePoint site, when you are ready to make your edits, check the document out from the NPS SharePoint page, make your edits in "Track Changes", and then check the document back in to the NPS SharePoint page. Contact Trina Brown (503) 229-6982 if you have any questions or need assistance with the checkout, editing, or checking back in process.

Beginning November 14th we have a schedule (see below) for edits and comments to reduce conflicts for document checkout.

Please remember to complete the "document sign off" process in SharePoint once you have completed your review (see below).

The schedule for edits and comments is as follows:

Eastern Region - November 14th and 15th

Western Region - November 18th and 19th

Northwest Region - November 20th and 21st

Laboratory & Environmental Assessment Division - November 22nd and 25th

Headquarters - November 26th and 27th

If you have any questions about the NPS MP or EPA Key Components please ask Don Yon (503)229-6850.

If you have any questions about the SharePoint page or about the checkout process contact Trina Brown (503) 229-6982.

Thank you for your reviews and comments.

Cheers

Gene
